

## Command Palette

### Inspiration

[redacted]

### Articles

- [The History of Command Palettes: How Typing Commands Became The Norm Again](#)

### Repos

- [asabaylus/react-command-palette](#)

### Checklists

Here's what we're going to need:

- An input
- A dropdown of results

### Brainstorming

I mean, what do you want? We need an input and a list of results. Ain't rocket science. Any or all of the above inspiration are equally good designs.
